Let's Go Shopping!

STUDENTS GIFTED TARGET SHOPPING SPREE

The David Glasser Foundation and Shop with a Cop teamed up with Target to give 29 Cheatham students an experience they will never forget. Each student went on a \$200 shopping spree with a uniformed officer to purchase items for themselves and family members before Christmas. The David Glasser Foundation's mission is to provide opportunities for law enforcement officers and the people they serve to connect and learn through community events and resources. Shop with a Cop has been one of the ways that the Foundation has been able to serve the community where Officer Glasser was killed in the line of duty in May 2016.

Winter Family Night

Our family nights are becoming a tradition that recognizes our students' hard work and celebrates the joy that comes with being part of the Cheatham community. In December, families who attended our Merry & Bright Night had a chance to meet with teachers about academic progress, make ornaments, enjoy donuts and hot chocolate, and take a picture with Santa himself. We also hosted a uniform drive that brought in several pieces of clothing. Two lucky donors were raffle winners and walked away with a giant bag of gifts. Donated uniforms help our staff support students in need. Thank you to everyone who donated and who came out to enjoy the evening with us.

We're Headed to State!

Last month, students in Mr. Dees' "We the People" class participated in a simulated congressional hearing in a regional competition. They worked in cooperative teams to prepare and present statements before a panel of community representatives. Students then answer questions posed by the committee members. We the People is an instructional program that enhances students' understanding of the institutions of American constitutional democracy. On January 12th, students will compete again in a statewide competition. Good Luck!

Building Community Partners

This year, our seventh grade teachers wanted to ensure each of their students received a gift. They reached to our community to help. With the support of multiple generous people, each student in seventh grade was able to participate in a gift exchange.

We thank you from the bottom of our hearts, you know who you are.
